Ongoing training focused on frontend development, backend development, databases, APIs, and MERN stack application development.

WORK EXPERIENCE

Founder and Full Stack Web Developer — HashLink Corporation — Karachi, Pakistan **Jan 2026 – Present**

- Founded a software and digital solutions brand focused on modern websites, responsive landing pages, web applications, and business-focused digital experiences.
- Built and deployed multiple live frontend projects using React.js, Next.js, JavaScript, TypeScript, Tailwind CSS, reusable UI components, and Vercel hosting.
- Created web experiences for real estate, restaurant, fashion, architecture, coffee shop, automotive, and personal portfolio use cases.

PROJECTS

Personal Portfolio Website — React/Next.js, Responsive UI, Project Showcase shaheerahmedsiddiqui.vercel.app

- Developed a personal developer portfolio to showcase technical skills, GitHub, LinkedIn, HashLink Corporation work, contact information, and live website projects.
- Designed a responsive project presentation flow with clear sections, professional contact details, visual project links, and portfolio-focused user experience.

Aureon Estate — Luxury Real Estate Website, Responsive Frontend, Property UI aureon-estates.vercel.app

- Built a premium real estate website with cinematic property presentation, luxury property sections, interactive showcase cards, image-focused layout, and inquiry-driven CTA structure.

Elan Restaurant — Restaurant Website, Menu UI, Reservation Flow elan-restaurant26.vercel.app

- Created a fine-dining website with storytelling sections, signature dishes, menu preview, atmosphere gallery, responsive layout, and reservation-focused call-to-action.

Valenza Fashion — Fashion Landing Page, Product UI, Editorial Layout valenza-fashion.vercel.app

- Developed a modern fashion brand landing page with product presentation, featured collection sections, lookbook layout, hover interactions, and mobile-friendly shopping flow.

Axiom Studios — Architecture Studio Website, Grid Layout, Project Showcase axiom-studios.vercel.app

- Built an architecture studio website using minimal design, project showcase sections, grid-based responsive layouts, clean typography, smooth scrolling, and professional inquiry flow.

Noir Beans — Coffee Shop Website, Interactive UI noir-beans.vercel.app —

- Created responsive business websites featuring interactive UI sections, optimized visual assets, motion-friendly structure, clear CTAs, modern layouts, and polished user experience.

Stratos Automobile — Premium Automotive Website stratos-autos.vercel.app

- Built a responsive automotive website with vehicle showcases, interactive UI components, optimized performance.

CORE STRENGTHS
